## READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

### HEARST'S LETTER OF ACCEPTANCE.

William Randolph Hearst yesterday formally accepted the democratic nomination for Governor of New York in a letter addressed to W. J. Conners, chairman of the democratic State committee, and made public in Elmira late yesterday.

"I accept the nomination of the democratic party, bearing in mind the record of that great party in the past and knowing that the membership of the party is determined still to be ruled by the principles of Jefferson and Jackson and guided by democracy's ideal, the greatest good for the greatest number.

"True democrats must stand with Jefferson and Jackson for the best interests of the whole citizenship rather than for the selfish interests of any party, class or individual seeking for special privilege.

"It cannot be denied that certain individuals and classes have at times secured control or the machinery of the democratic party and attempted to use it for their own personal or class profit. The duty of true democrats is to deprive of all authority within the party those who represent only special interests and who seek to promote such interests at the expense of the general welfare.

"The democratic convention at Buffalo did this thing in a most conspicuous and effective manner. Democrats, so called, but seekers after special privilege in reality, were driven over into the republican party, where those of their class flourish.

"The line is now clearly drawn between special privilege on one hand and equal opportunity on the other. The democratic party, purged in this State of corporation control and pledged to end the boss control through which corporations act, now has an opportunity to serve the people as efficiently as it did in the times of Jefferson and Jackson.

"To serve the people and the party today as efficiently as in the days of Jefferson and Jackson it is only necessary to be sincerely democratic and loyal to democratic principles.

"The attitude that the democracy should take toward great capitalistic organizations now is precisely that of Jackson toward the United States Bank which appeared as a menace in his day.

"The property rights of every man and of every organization of any kind must be respected, but today, as in the days of Jackson, it is necessary to declare that no power shall rise up greater than the government or menacing to the government.

"The democrats of today must declare and they must mean that no matter how great the wealth of individuals or corporations, that wealth must not be an irresponsible donimating power in government.

"The people beyond any question demand open primaries and the passage of direct nomination laws to bring the government directly under the control of the people.

"The enforcement of the eight hour law in government work, the enforcement of the law concerning the prevailing rate of wages is demanded by the people, and it is demanded by democratic principle as old as the Declaration of Independence.

"Democracy speaks also in denunciation of the great Chinese labor menace, which is now revived because of the introduction on a large scale of Chinese labor into Panama. The suggestion to introduce into this country, and to employ by the taxpayers of this country, a people of low intelligence and still lower morals is an attack upon the welfare, moral and material, of the American citizen.

"I accept the nomination of the democracy proudly, as I recall the great names from Jefferson to Tilden that the party has honored and that have honored the party. I accept the nomination gladly, realizing the opportunity for useful work which is offered today to all of those that may be elected to office as servants of the people and anxious to deserve the confidence of the people.

"I promise faithfully, if elected, to do all that I can as a citizen of the United States in office to realize and apply the great principles of the historic democratic party.

"And I pledge myself to work with others to rid the democratic party, and so far as possible all branches of government, of that plutocratic trust element that seeks to rule both parties and to destroy the democratic party utterly."

### President Roosevelt Anxious.

President Roosevelt, basing his conclusions upon information which has come to him from many sources all over the State of New York, regards the political situation in that State as full of danger. He has sent repeated warnings, both directly and through republicans of national prominence who have visited within the last few days in Washington, urging the republican campaign managers to spare no effort to get the full anti-Hearst vote registered today and Monday.

So far from taking the view entertained by the anti-Hearst leaders in New York, men who have come fresh from Washington are arriving convinced that the election of Mr. Hearst is not only possible, but probable. Their attitude, which is known to have been taken from that of the President, has made a deep impression in New York, because all the republican leaders know that Mr. Roosevelt is one of the most clear-sighted political leaders in the country. The President is taking a deep interest in the situation. He is insisting that every anti-Hearst vote will be needed on election day.

This is an "off year" in New York State politics. The record of such years proves that a large falling off in the republican vote is almost inevitable. Mr. Roosevelt himself was elected governor by a plurality of only 18,000 in 1898, and Mr. Odell, in 1902, was barely saved by a plurality of 8,000.

In spite of the democratic defection from Hearst, he will receive many thousands of votes which are always cast under the democratic emblem regardless of candidates. In addition he will have a proportion of the regular republican vote which has not yet been determined.

President Roosevelt has been informed that the defection to Hearst among the republican farmers of the State is much greater than the republican leaders have been led to believe, and this is the reason for his anxiety.

### Tiniest Mite Grows Well.

The stork left Margaret Baldwin—weight, one pound, one ounce at the home of her surprised parents in Atlantic City, three months ago. The family doctor whistled his surprise when an excited young husband summoned him to the telephone, and his eyes opened still wider when he found the speck of humanity perfectly formed, but scarcely large enough to fill an ordinary tea cup. The stork had been expected on November 1. Wrapping the mite in cotton and blankets and leaping into his automobile, the doctor raced to the infant incubatorium. Never had the superintendent seen nor heard of a baby so small and having lived. But Margaret thrived from the very start, and yesterday, healthy, fat and vigorous, she was sent back to her parents. She weighs just five pounds and six ounces. Local physicians say there is no history of a child so small at birth having lived, even under artificial incubation.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, OCT. 13, 1906.

SECRETARY BONAPARTE, since he has been admitted to the inner sanctuary of the republican party—the President's cabinet—has become very partisan. In his speech to the Maryland editors at Baltimore, September 25, he said:

The democratic party has advocated only crude, ill-considered, sweeping and revolutionary measures, which might or might not remove the abuses we regret and condemn, but would surely promptly and hopelessly ruin the national prosperity we justly prize. Democrats, as a party, would cut down the tree yielding all this rich fruit to get rid of a few baleful insects; we propose to apply a treatment fatal to the insects, but healthful and invigorating to the tree itself.

Secretary Bonaparte evidently is following the republican plan, "claim everything and buy the election supervisors." The legislation of the last Congress that was of national importance was the railroad rate bill, which had never been demanded in any republican platform, and was for some years advocated in democratic platforms. Does he call that a "sweeping and revolutionary measure?" It is true that in consequence of the incompetency or railroad sympathy of the republican officials that concocted the rate bill and the refusal of the republican majority to vote for amendments supported by the democrats, it may "not remove the abuses we regret and condemn." But that is not the fault of the democrats, but rather should be blamed on President Roosevelt for forcing the administration Senators to accept the Allison amendment instead of the democratic amendments. The republican Congress, controlled by the President and the Speaker, refused to consider the democratic bill to prevent corporations from contributing to political campaign funds. The opposition of the republican leaders to this reform was no doubt because it "would cut down the tree yielding all this rich fruit," which that other eminent republican, Matthew Quay, always alluded to as the "plum tree," the shaking of which has kept the republican party in power, and the same tree which was vigorously shaken by the chairman of the republican national committee in 1904 and yielded such rich plums from the insurance and other corporations. How can Secretary Bonaparte claim truthfully that "we propose to apply a treatment fatal to the insects," while at the same time the republican party is gathering the plums for the "insects" of his own party to feed upon? Such sophistry is unworthy of the erstwhile reformer.

A BAN has been placed on cigarette smoking among the cadets at West Point and among the midshipmen at the Naval Academy. Many of the boys who enter the two academies have not attained physically their full growth. An investigation of the subject by the army and navy authorities convinced them that the smoking of cigarettes, while not absolutely injurious in many cases, is likely to be so in many other cases. It was determined, therefore, to prohibit, by regulation, the smoking of cigarettes by the cadets and "middies" at any time during their course at the academies. This is a sensible rule and should be adopted by every college in the country.

THE Southern Churchman with its last issue appeared in a new and improved form and size, and presents every evidence of prosperity and success. The Churchman for many years was printed in this office, but removed to Richmond in 1879. It is the oldest religious paper in the United States printed under its original name and the oldest paper of the Protestant Episcopal Church in America. Its host of friends throughout the country wish it continued success.

AND NOW the steel trust is planning to control the product of the Portland cement industry. The trusts are thriving under Mr. Roosevelt's love-licks as never before. They are growing and branching out in every direction. But we are told by the republicans that the President has "busted" them all. Falstaff was a pygmy compared with the average republican prevaricator.

SECRETARY TAFT yesterday informed the Cuban revolutionists committee that the United States will not withdraw from Cuba until the time arrives when fair elections are assured. That will be "Marana" sure enough.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 13.

Although the Cuban republic has extradition treaties with only five countries, including the United States, it is the opinion of officials here that Manuel Silveira, who has absconded with $1,000,000 belonging to the firm of Cebalos and Co., of New York, can be apprehended and brought back even if he should go to some country with which Cuba has no such treaty. The suggestion that the United States extradition laws may be invoked or that American warships may be sent after the Carmelina upon which Silveira is supposed to be escaping, is of course preposterous. A request from the Cuban republic for the arrest and extradition of Silveira would probably be honored by any country to which he may abscond as a matter of courtesy.

Frequent complaints have reached the Interior Department that laborers in the reclamation service have been working over time. An investigation finally disclosed the fact that blacksmiths, teamsters, and others had to begin their labors an hour or so earlier than the other men and work later to enable them to prepare or put away the tools, horses, etc., as the case might be. Without this extra labor the general force engaged in the irrigation districts in the west particularly would be obliged to begin work later and conclude earlier. The Department of Justice, which has been called upon to present a solution to the problem, has pointed the way for a lawful adjustment of the differences. It has just decided that while extra work is not legal, there is nothing improper in the contractors so apportioning the hours of labor as to provide for the proper handling of this work. The contractors will therefore be directed to divide the day of eight hours into early and late shifts.

The War Department this morning received a cablegram from Havana, signed by one of the aids to Brig. Gen. Funston, as follows: "Decree will be published in official Gazette today admitting free of duty all supplies and materials belonging to the United States."

Optomistic in the extreme as to the coming congressional elections, was Senator Beveridge, of Indiana, when he called upon the President this morning. "I have opened the campaign in eight States," said he, "and everywhere there has been a tremendous outpouring of the people. The opposition seems to be doing very little." The Senator predicted that Governor Cummins will be re-elected overwhelmingly in Iowa, and that every district in Iowa, Minnesota and Nebraska will go republican with the possible exception of one in Iowa. As to curreacy legislation at the coming session of Congress, he said that it would be impossible.

James R. Slayton, jr., the preacher-deserter from the United States navy, yesterday surrendered to the Secretary of the Navy because he had, in his own words, become converted to the ways of the Lord. He was today released from custody by order of the Navy Department authorities. The statute of limitations intervened in Slayton's behalf and the Judge Advocate General of the Navy this morning ruled that it would be illegal to try Slayton for his desertion. The law provides that a deserter who has resided within the limits of the United States for two years after the date his enlistment would have expired and has not been detected cannot be punished for his offense. His erratic conduct in the past has, in the opinion of the officials of the Bureau of Navigation, made him an undesirable man for the navy and his release has therefore been ordered. Slayton is now at liberty to return to his bride at Myersdale, Pa., and may live in peace from now on without fear of punishment as a deserter.

Col. Littleton W. T. Waller commanding the entire force of United States marines in Cuba, in a telegram has notified Gen. Elliott that the marine guards regularly assigned to the battleships Louisiana, Virginia and New Jersey totaling 179 officers and men have been returned to their ships in anticipation of sailing to the United States today. More than 1,200 marines that are doing shore duty in the island are distributed among 19 points of possible disturbance. It is supposed that as soon as the regular troops can be distributed they will relieve a majority of the marines who will return to their ships.

The administration has been convinced, according to a high official of the State Department, that it will be impossible to hold new elections in Cuba until after the next sugar grinding season is over. That begins in January and usually lasts two or three months. The elections can therefore hardly be held until April, May or June, the latter month being the most strongly favored by those in touch with the situation in Havana. Until these elections have been held and the new government firmly established in power it will, it is claimed, be impossible for the United States to withdraw its representatives from the island. Consequently Gov. Magoon under the best of circumstances is apparently booked for a stay of at least nine months in Cuba. This is the reason that it has been decided to appoint another vice governor of the Phillipines, the position to which it had been intended to transfer Governor Magoon when he was recalled from Panama. Who will be appointed in Governor Magoon's place will not be determined until after Secretary Taft's arrival in Washington.

Hugh Gordon Miller, one of the New York commissioners to the Jamestown exposition and a vice president of the Robert Fulton Monument Association, was at the White House this morning to get the President's promise to attend the exposition on both New York Day and Robert Fulton Day. These will be consecutive, although the dates have not been set. Nothing definite was determined today in regard to the matter.

Madame la Marquise de Wentworth, of Paris, is engaged in painting a portrait of President Roosevelt. Daily sittings are being given.

### Dramatic Suicide.

Viscount Almeida, a prominent member of society of Rio de Janeiro, according to a cable dispatch received in Lisbon, yesterday, committed suicide before a number of guests he was entertaining in his home by entering a cage of ferocious lions.

The dispatch says that the Viscount deliberately planned this dramatic and fearful death. For the entertainment of his guests he hired a passing menagerie to be on his grounds. He was talking pleasantly with his friends outside the lions' cage when he suddenly stepped forward, flung open the door and sprang in. The lions pounced on him at once and literally tore him to pieces.

The dispatch says that the Viscount was overwhelmed with gambling debts and that his income was insufficient to permit him to keep his place of prominence in society.

Fifteen men were injured by an overcharged blast in a trench in First avenue and Forty-third street, New York. Gas and water mains were bursted and windows for blocks around were broken. A five-story building in the neighborhood was set on fire but the flames were extinguished.

Frank Gotch, champion heavy weight wrestler of America, last night met Dr. A. B. Roller, of the University of Pennsylvania, in a handicap match at Seattle, Gotch undertaking to throw the doctor twice in one hour. Roller proved Gotch's equal physically and otherwise, and Gotch failed to throw him at all.

## News of the Day.

John B. Moran has accepted the democratic nomination for governor of Massachusetts.

Count Witte, former premier of Russia, says he will never return to power—that he has had enough.

Mr. John Sharp Williams, democratic leader of the minority in the House, will speak in Maryland October 17 to 20.

Secretaries Wilson, Shaw and Metcalf may alter the regulations of the pure food law regarding the labeling of American-made goods.

At Towson, Md., yesterday, Rev. E B. Walts was given the verdict in the breach of promise suit for $25,000 brought against him by Miss Susie Wheeler.

The world's championship baseball series is again even, the Chicago National League team yesterday defeating the American Leaguers 1 to 0. Each team has now won two games.

Secretary of the Navy Bonaparte is familiarizing himself with the administration's battle with the trust, to be equipped to take up the contest when he become attorney general, in February.

The Jalisco Bank of Guadalajara, Mex., it is said will lose $100,000 as a result of peculations of its recent manager. It is alleged that evidence is at hand to prove that the books have been falsely entered.

Ex-Governor Douglas, of Massachusetts, has expressed willingness to accept the democratic nomination for Governor if John B. Moran declines it, as ex Governor Douglas said he was informed would be the case.

Taura Tufts Brown, the Detroit debutante who astonished local society by her marriage to Jerome Brown, a bank clerk, while her father's funeral was being held in the adjoining room, has been disinherited by her mother, who died yesterday. The girl was the only daughter of the wealthy Charles W. Tufts.

Despondency growing out of proceedings by which he was divorced from his handsome young wife, caused Dr. Connelly Church, a prominent physician of Mountain City, Tenn., aged 35 years, to commit suicide at his home Thursday night by sending a pistol ball into his brain. Dr. Church was highly connected, being a grandson of the late Judge Roderick B. Butler who was for 10 years Congressman from the First Tennessee district. Dr. Church's father, James Church, met death in a tragic manner in Missouri a few years ago.

## Virginia News.

The postoffice, the Baltimore and Ohio station and the general merchandise store of the Holt Hotel, at Cedar Creek, Frederick county, were destroyed by fire early yesterday morning, causing a loss of $5,000. The blaze is believed to have been of incendiary origin.

A large part of the village of Brandy, Culpeper county, was destroyed yesterday morning by fire. The big granary of Mr. W. J. Parr, with all of its contents of wheat, hay, flour and meal, was entirely consumed. The storehouses of Mr. W. Parr and Mr. Theodore Kyle and Mr. James Maddox were also destroyed. There was but little insurance on any of the buildings or stocks of goods. Brandy is an important station on the Southern Railway and is a large shipping point, and the fire takes away the big storage warehouses.

William Messick, 25 years old, son of Alfred Messick, a farmer living near Mechanicsville, in the northern part of Rockingham county, committed suicide yesterday afternoon by hanging himself in his father's barn. The young man was found by his two younger brothers, who summoned his mother. Mrs Messick cut the lifeless body down, with the assistance of a neighbor, who chanced to be at the house. Messick had been in ill health for some time, suffering with mumps since his return from the West Virginia logging camps several months ago. For a month or more his mind had been unbalanced and he was undergoing treatment for his nerves.

### Daughters of the Confederacy.

At Wytheville yesterday the third day's session of the Virginia Division, United Daughters of the Confederacy, was commenced by continuation of the roll call of chapters not completed Thursday. The result of these reports shows very gratifying interest in the order.

The report of Mrs. Maudain Duer, president of General Dabney H. Maury Chapter, of Philadelphia, sustained the regularity and validity of the Dabney and Maury Chapter in the contest with the Philadelphia Chapter, which purports to owe its existence to a charter granted by the president independently of the action of the Virginia division as provided in the constitution.

The convention, by a unanimous vote, again declared the General Dabney H. Maury Chapter a legal and existing chapter.

The convention was unanimously in favor of representation at the Jamestown exposition. Mrs. Norman Randolph, of Richmond, was appointed secretary of the Jamestown board.

### Policeman Killed by a Negro.

Policemen Robert M Beard, one of the most popular officers on the Roanoke police force, was shot and killed yesterday morning in Allegheny Institute building, in northwest Roanoke, by John Hardy, a negro. Hardy escaped, and is being hunted by bloodhounds and a posse of citizens and officers. Policemen Beard, Trout, and Hancock went to the building about 1 o'clock to look for thieves who were believed to be in hiding there. The policemen went to a room which was the one occupied by Hardy and a negro woman. Beard was left in charge of the prisoners. Trout and Hancock had only been away from Beard's side about two minutes when they heard a number of shots. As they rushed down the hall, Hardy darted down stairs. Trout and Hancock fired several shots at the fleeing negro. Beard was shot in the right breast and died almost instantly. A lynching is threatened if the negro is caught. The board of aldermen, at a meeting last night, offered a reward of $250 for the capture of Hardy.

### Collision on the Hudson.

New York, Oct. 13.—In a heavy fog which hung over the Hudson river, shutting out the view for more than a short distance ahead, the monster steamer Adirondack, of the People's line, crashed into the Saratoga, of the Citizen's line, near Glasco about 1:30 o'clock this morning. One life was lost as the result of the accident and one person is known to be missing.

The collision came without warning to the hundreds of passengers on the two steamers while they were asleep in their berths. Indescribable confusion followed, the passengers being thrown into a panic.

The Saratoga was badly injured in the collision, and is now anchored on the flats just south of Glasco waiting for wreckers to make temporary repairs so that she can be moved to a drydock. A great hole was torn in the port side of the steamer and one of her boilers went overboard. The Adirondack, however, was able to continue her trip to Albany.

Clarence Sherman, of Melrose, N. Y., an oiler on the Saratoga, was killed instantly when the boats crashed. George Horton, of New York, head clerk, is missing. It is feared he was drowned.

The Adirondack was going up stream under full steam and the Saratoga was southbound. At the point where they collided the channel is narrow and both pilots were sticking close to the middle of the stream.

Owing to the fog it was impossible for either pilot to see the other boat until they were close together.

Immediately following the crash several panic-stricken passengers leaped overboard. A sister boat of the Saratoga, the City of Troy, passed up the river ten minutes after the accident and put out boats which picked up the passengers who had jumped into the water and kept afloat by clinging to wreckage.

The city of Troy stood by the damaged steamer and removed her passengers who were landed at Tivoli, where they took the train for New York.

Albary, Oct. 13.—The Adirondacks arrived in Albany and tied up to her pier at 1:30 o'clock.

### The Krupp Mansion Guarded.

Essen, Germany, Oct. 13.—Fears that an attempt may be made to assassinate Fraulein Bertha Crupp by anarchistic workmen employed in some of the Krupp enterprises on the occasion of her wedding on Monday to Lieutenant Gustav von Hohlen und Halbach, have caused the greatest precautions to be taken to prevent anyone from gaining admission to the grounds of the young heiress's palatial residence. The Krupp mansion is guarded as carefully as the palace of Czar Nicholas, and it is easier for a person to obtain entrance to many royal palaces of Europe than to her home. Guards are everywhere and the mansion has been transferred into a miniature fortress. Members of the Krupp fire brigade are acting as guards, and they really constitute a tried body guard. There is another reason for having these men on the watch and that is to head off beggars who are anxious to reach the young woman hoping that at this happy period in her life she will make liberal gifts to anyone who might reach her. Hundreds of beggars are in the neighborhood attracted by this chance. With the strict watch being kept, it is unlikely that any one will succeed in getting close enough to Fraulein Krupp to ask for alms. This wedding, notwithstanding the great wealth of the bride-to-be, will set a record for simplicity. Although Emperor William will be one of the guests, the marriage will be conducted with the simplicity of any shop girl's wedding. The bride's trousseau cost only $250, and other arrangements for the notable event have been made with equal care to avoid any display of lavishness. The ceremony will be performed in a chapel erected on the Krupp mansion grounds. Fraulein Krupp will make a donation ($250) to the pension fund of the Krupp works as a wedding gift. She has also arranged for a series of banquets to be given to all of the employes of the Krupp industries and their families. Over 100,000 people will be entertained at these dinners which will extend over the next fortnight.

Although the religious ceremoney for the marriage of Fraulein Bertha Krupp and Lieutenant Gustav von Bohlen und Halbach is set to occur on Monday, the civil ceremony required by the German law was performed this afternoon. This ceremony is legally binding so that they have really been married forty-eight hours before the religious ceremony will be performed.

### Coolie Labor an Issue.

New York, Oct 13.—Coolie labor is the latest issue in the New York campaign. Whether or not Wm. Randolph Hearst, the democratic independence league candidate for governor, is an employer of Chinese is the burning question of the hour. Its discussion has furnished another opportunity to attack the editorial candidate in what is considered a vulnerable point. Hearst and his papers have been attacking the programme of the federal government for employing coolies to dig the Panama canal. Then a bomb was thrown at him by his enemies who started a story to the effect that Chinese laborers are employed regularly in grape picking season on the California plantation owned by the Hearst estate.

Mr. Hearst has vigorously denied that he had ever employed Chinese laborers or that the ranch at Palermo, Cal., where it is charged coolies were employed, is owned by him either directly or indirectly. Hearst has made his position known in an offer of $1,000 to a charitable institution in Elmira if the editor of an Elmira paper which printed the Chinese labor mill prove his assertion.

Attacked on the very ground which he has made the basis for so many violent assaults on other men, the subservient control of corporation or "soulless creatures of the law," Mr. Hearst, is today learning a new lesson as to the power of the press. It is the lesson of how it feels to be the man assailed instead of the assailant. Hearst's corporation ownership of his newspaper, through a holding company incorporated under the laws of New Jersey, the home of the trusts, is the point of the greatest attack that has been made upon him during the campaign. It is charged that his control of his three newspapers in New York city, the American, the Evening Journal, and Das Morgen Journal, through the holding company is for the purpose of evading taxation and to escape personal liability in connection with the acts of the papers.

### The Baseball Championship.

Chicago, Oct. 13.—With two games won and two games lost, the Cubs and White Sox will line up for battle today in a contest for the world's baseball championship that will give the Chicago fans an opportunity finally to judge the true merits of the opposing teams. The sun shines brightly and the air is balmy, in consequence of which the outpouring of fans is expected to break all previous records. The Saturday half-holiday will also operate to increase the attendance, estimated to be 25,000. Walsh will probably pitch for the Sox, and Reulbach for the Cubs. That it will be a sensational duel between these two slabmen is the feeling among the partisans of the two clubs. Baseball enthusiasts are wondering how many games it will require to settle the trouble. It is impossible as they stand now to play fewer than six games. Should the Sox win today and the Cubs Sunday, or vice verse, the seventh game will decide it. The national commission will decide on which grounds the last game will be played in the event of a tie.

The National commission at the close of the game today will flip a coin to decide which park in Chicago shall have the seventh and final game of the series in event of a tie. The offers of outside cities have been declined.

### Plot Against the Czar.

Berlin, Oct. 13.—Aroused by the fresh plots of terrorists against his life, Czar Nicholas has taken upon himself to see that the conspirators are exterminated and his own safety secured. This is the declaration made by the correspondent of the Tagebladtt at St. Petersburg in a dispatch to his paper.

Two decrees have been issued by the Czar within a week, it is asserted, directing that war to the death shall be conducted against terrorists, and to prevent executive clemency being extended to any accused revolutionist.

The first order directs the summary execution of every political agitator arrested whether or not he is proven guilty of any illegal act when he is brought to trial. By the second decree officials are forbidden to forward to the Czar any petition from a condemned prisoner asking for mercy.

Nicholas is determined, it is asserted, that no mercy shall be shown agitators against his throne and intends to see that every effort is made by the government to stamp out terrorism.

### Russia's Assassinations.

St. Petersburg, Oct. 13.—Russia's list of assassinations for the fifteen months ending in May of this year, as just made public is exceedingly heavy, bespeaking the activity of terrorists and the cruelty of reactionaries who attempted to revenge the murder of various authorities.

In the list are included the names of thirty-four governors, thirty-eight police prefect, 204 police captains, three hundred and ninety policemen, fifty-six detectives, sixty-one army officers, 178 civil officials, 31 clergymen and four hundred and nine other persons.

### Preparing for His Departure.

Havana, Oct. 13.—In preparation for departure to Washington this afternoon, Gov. Taft and Secretary Bacon received visits early in the day from all government and municipal authorities. Some of the visits were made with great display of ceremony. Rain began falling this afternoon threatening to spoil the demonstration in honor of the departing governor arranged by liberals. Three companies of marines were withdrawn from the island. They will go north with Major Neville, their commander, on the warships ordered to leave at the same time governor Taft starts on his homeward journey.

### $5,000,000 to be Divided.

London, Oct. 13.—By the death today of Mr. Lewis Hill, widow of the well known money lender, Sameul Lewis, $5,000,000 in which she was given a life interest by Lewis, is released for bequests to charity. Lewis will provided for over fifty bequests to be made after his wife's death. The donations vary from one of $2,000,000 to be used in the erection of model dwelling for the poor to gifts of $1,250 to be placed in each police box in London.

### Murdered His Family.

Newport, Tenn., Oct. 13.—Chalburn Mintoe, aged 50, a farmer, today murdered his wife and four children, fatally injuring two other children and then committed suicide by cutting his throat. It is believed Mintoe became suddenly insane. An axe was the weapon used for the deadly work. The wife and four children were brained. The two children are alive but cannot recover, their skulls having been crushed.

### Run on a Bank.

Toronto, Oct. 13.—A run was started on the Ontario Canada Bank today, owing, it is alleged to unpromising investments, the bank arranged Friday to have its assets and good will taken over by the bank of Montreal. The note holders and depositors are amply secured, but the shareholders are said to stand in danger of losing a considerable amount.

### Octogenarian Commites Suicide.

Albany, Oct. 13—After attempting to murder his daughter and grand daughter while sitting at the supper table last evening, John Westfall, aged 85, retired to his bedroom and sent two bullets crashing into his brain, dying twenty minutes later. The old man's mind had been affected for years.

### New York Stock Market.

New York, Oct. 13.—Price movements in the first hour were almost all downward. The interests that have been active on the bull side in many issues continued the selling started yesterday. Traders joined in profit taking and liquidation and offered almost every active issues at some concessions. At the lowest range practically all the offers were by room traders and they were quick to change their position as soon as any demand appeared.

### Telephone Association.

Representatives of all the independent telephone lines in Virginia were in session in Richmond yesterday and elected the officers of a State association as follows: President, Albert Parlett, Bristol; first vice president, F. F. Marbury, Alexandria; second vice president, W. N. McAuge, Suffolk; secretary-treasurer, B. L. Fisher, Rocky Mount. The association will be affiliated with the National Independent Telephone Association.

### TELEGRAPHIC BREVITIES.

Robert Lindenberg, a member of a wealthy family of Columbus, Ohio, will marry Miss Adele Woodworth October 30. He has engaged a natatorium for the evening before and will give a bathing party.

A terrific explosion in which fully 20 men are reported to have been injured occurred today at the plant of the Illinois Steel Company, South Chicago. Tons of molten metal were scattered in all direcfions and a huge converter was wrecked.

At Belmont today in the first race, 7-8 mile, Sewell, 2 to 1 and 4 and 5, won; Grapple, second, and Penrhyn third.

### Struck for a Ten-Hour Day.

All but 30 of the 300 laborers employed by the government contractors building the big dam in the Ohio river below Cincinnati have quit work because they were prohibited working over eight hours a day. A few days ago the Kirk-Sheridan Company, that has a contract, was indicted by the federal grand jury for alleged violations of the eight-hour law. Previous to that time the men were permitted to work as long as they wished, being paid 20 cents an hour for their time. All of them preferred to put in ten hours to make a daily wage of $2.

After the indictment was returned the officers of the company issued orders limiting a day's work to eight hours. The men, many of whom are married, refused to work unless permitted to put in as many hours as they desired. As the company felt compelled to observe the law, the employees laid down their tools and quit. The strike will greatly retard the work on that public improvement. The contracting company will suffer considerable loss, as the work on an immense concrete guide wall was stopped at a critical time, and the work will have to be done over.

The original complaint of alleged violations of the eight-hour law was filed with the department at Washington by representatives of the labor unions.

### Moonshiner Pleads Guilty.

Wayne R. Gooch, known to the revenue officers as "King of the Moonshiners," pleaded guilty in the United States Circuit Court in Richmond yesterday to indictments charging him with conspiracy to defraud the government. Judge Waddill fined him $1,000 and confiscated the distillery. Gooch is said to have accumulated a fortune of $200,000 by the manufacture and sale of crooked whisky. He owns thousands of acres of land in Mecklenburg county and maintained an armed guard around his place. For twelve months the revenue men hovered about the outskirts of the Gooch place before they secured evidence. Gooch kept inquisitive neighbors off his place by riding around the outskirts of the estate every night armed to the teeth and firing his rifle in the air. The distillery seized had a capacity of 600 gallons.

### Steamboat Tie-up Ended.

The tie-up of the steamboats of the Baltimore, Chesapeake and Atlantic and the Maryland, Delaware and Virginia lines, owned by the Pennsylvania Railroad Company, is at an end. At a conference last night, in Baltimore, after General Manager Willard Thomson had returned from Philadelphia the differences between the captains and the steamboat owners were settled and the men, whose resignations had been handed in, all went to work this morning. All of the boats on the Saturday schedule will sail today, and the steamers will be sent out on the different routes on their regular schedule as sailing days. The settlement was made mainly on a basis of the demands of the men, though it was conceded last night that to a certain extent a give-and-take policy marked the conferences held yesterday afternoon and last night. No reference was made during the final conferences to Rescue Harbor, No. 14, which, it is insisted by Captain Thomson was the bar to a settlement during the past two weeks. The men appeared as a committee representing themselves and the former employes of the two companies. Manager Thomson has frequently said that he would settle the question of wages with the men, but he was opposed to masters of vessels belonging to the same union with the men under them. The result of the fight has really hung upon recognition of the union.

### Drawing to a Close.

All negotiations between the striking machinists of the Southern Railway Company and the company are temporarily suspended, while the men are voting on a proposition submitted to them yesterday by James O'Connell, president of the International Association of Machinists. Their vote on this proposition, Mr. O'Connell hopes, will bring about an early adjustment of the differences. The nature of his suggestions to the 800 men who are out was not disclosed by Mr. O'Connell, and Mechanical Superintendent Stewart, of the Southern, was equally reticent. Mr. O'Connell said, however, he has reason to believe the men will accept his proposition, and he is hopeful also that the Southern will accept and order the men back to work. It is known both sides to the controversy are conceding a point or two, in order to effect an adjustment, and it is likely that the strike will be settled finally either today or by Monday at the latest.

Southern Railway machinists and helpers at Knoxville, Tenn., who went on strike last Monday, received orders from Washington yesterday to return to work today. They claim to have obtained the full concessions demanded, an increase of 25 cents a day, or $3.25 for 10 hours' work.

The Southern Railway machinists and helpers at Atlanta, who have been on strike several days, received orders yesterday to resume work today pending negotiations for settlement of disputed points.

### B. & O. Transfer Service Discontinued.

The Baltimore and Ohio Railroad Company has issued a notice to the shipping public at Alexandria, stating stating that its freight station and yard in this city will be discontinued after the close of business Saturday, October 13th, and commencing October 15th freight to and from Alexandria will be handled by rail through the new Potomac yard. This does away with the ferry transfer between Shephard and Alexandria, which has been operated for many years. All merchandise freight in less than carloads will be received and delivered at the terminals of the Washington Southern Railway. Carload freight will also be delivered and received for shipment at those terminals. By an arrangement with the Southern Railway, carload freight may be delivered on the tracks of that line and outbound freight may be loaded also on the Southern Railway tracks from and to all points reached via the B. & O. system and its connections at the regular Alexandria tariff rates. The change will be made without interruption to the movement of traffic. The published tariffs of the Baltimore and Ohio Railroad applying between Alexandria and all points on B. & O. system and connections, will continue in effect as heretofore.

### The Murder Trial.

When the Gazette's report of the trial of Howard Banks, colored, charged with the murder of Thomas Elzey, also colored, closed yesterday, the attorneys in the case were making their opening speeches. At the conclusion of their speeches the examination of the twenty-two witnesses for the State was commenced and was continued till nearly 11 o'clock when the defense put one of its witnesses on the stand. Shortly after 10 o'clock the judge, jurors, prisoner and four witnesses, designated by the court, proceeded to the scene of the killing and the witnesses described the shooting.

After the return of the jury to the court room and after one witness for the defense had testified, court at about 11:10 o'clock adjourned till this morning and the jury spent the night in the court room where temporary beds had been prepared.

Nothing was brought out in the trial concerning the shooting other than that elicited at the preliminary examination and which has heretofore been published in the Gazette. It was shown, however, that the negro men and women who frequent the saloons in the neighborhood where the killing occurred are free users of cocaine, and the main defense of the prisoner's counsel seemed to be that he was under the influence of that drug on the night he killed Elzey.

Court reassembled at 10 o'clock this morning when the examination of witnesses for the defense was resumed. These witnesses threw no new light on the killing.

Later Dr. A. A. Rittenour was put upon the stand to give testimony concerning the effect that liquor and drugs have upon men.

At 3:45 o'clock this evening the examination of witnesses had not been finished.

### Special Policemen Appointed.

On application of the officers of the Southern Railway Company Judge Barley of the Corporation Court today appointed twenty-five special police agents to protect the company's property in this city, and at Monroe and Lynchburg. The following were appointed:

Wm. S. Connelly, Henry Pierson, Frank Weadon, John Brissey, Henry Carson, Robert Travers, Albert Cleveland, Frank Davis, John Loving, Robt. Smith, Benjamin Scrivener, Louis Spinks, Frank Woodward, Macon Morris, Robert Roudabush, Algernon Butler, Charles Miller, Charles Davis, Wm. J. Garrett, Benjamin Lee, Robert Denton, Frank Breeden, Frank McGloughlin, Wm. Adkins, and John T. Wakenight.

### Personal.

Mr. M. T. Dwyer has resigned his position as letter carrier to enter the journalist field

Rev. C. D. Bulla has returned to his home in this city from Winchester, where he spent the week.

Mrs. Banner T. Young has returned from a two-weeks' visit to relatives in Philadelphia.

Mr. C. L. Folmar has returned from a pleasant two weeks' visit to New York and Niagara Falls.

Mrs. A. H. Thomson yesterday entertained a number of her friends at a tea given in honor of her guest, Mrs. Greer, of Baltimore

### Charges Non-Support.

Married less than a year, Mabel A. Dodson yesterday began suit in the Supreme Court of the District of Columbia to compel her husband, Chester A. Dodson, to provide for her support and the maintenance of their infant child. She says that immediately after her marriage in Alexandria, on March 4 last, Dodson accompanied her to his parents' home. There they remained one evening, and then went to her parents' home where he left her. She says he visited her at the latter place and remained for short periods until April, since when he has not returned, leaving her "without a penny."

### D. A. R.

The regular monthly meeting of the Mt. Vernon Chapter, D. A. R., was held yesterday afternoon at the residence of Mrs. J. Stewart Jamieson, on south Columbus street, Mrs. H. C. Ansley, vice regent, presiding in the absence of the regent. After the routine business an election for delegate and alternates to the State Conference, to be held in Richmond in November, resulted in the election of Mrs. J. Stewart Jamieson as regent's alternate and of Mrs. Dabney Herndon as delegate, with Mrs. L. W. Reid as her alternate. Later the chapter enjoyed the hospitality of its charming hostess.

### The Cold Wave.

Officials of the Weather Bureau say that the cold wave which has prevailed over the eastern States for the last two days has about reached its limit, and by tomorrow the weather will be much warmer and seasonable. The weather in this city and vicinity was cold again last night. The mercury at 7 o'clock this morning stood at 39°. There was a heavy frost. Ice formed again in certain portions of Fairfax county.

### Chosen Secretary

At a meeting of the Alexandria Chamber of Commerce held on Thursday night Mr. J. T. Preston, formerly agent in this city of the Southern Railway Company, but now of North Carolina, was elected secretary of the chamber and a committee was appointed to notify him of his election. Mr. Preston's many friends in this city hope he may accept the position and return to Alexandria.

### Charged with Selling Cocaine.

While witnesses were being examined in the Corporation Court yesterday afternoon in the case of Howard Banks, colored, indicted for the murder of Thomas Elzey, colored, Estelle Bouy, one of the witnesses for the prosecution, gave information concerning the sale and use of cocaine in this city. On the strength of the woman's testimony eight colored persons were arrested by Chief Goods and Officers Knight and Nicholson last night charged with selling cocaine unlawfully. Those taken into custody are: Sarah Catlett, William Miller, Nora Green, John Quill, Samuel Dudley, Jerry Simms, Robert Bryant and John Bryant. They were arraigned in the dock of the Police Court. A large number of witnesses had been summoned.

William Miller was declared guilty of selling the narcotic and was fined $100 or given 90 days in jail. The witnesses were all colored and residents of what is known as the "Petersburg" section of the city. The difficulty of obtaining evidence was apparent from the beginning, as is always the case when this class is before a court. Justice Caton, in summing up the case, referred to the licentiousness indulged in by the negro element living in the neighborhood, and said that the police would be directed to enforce the vagrant law strictly, and when certain indolent people were brought before the Police Court they would not be fined, but given long terms in jail. In order, therefore, to escape such punishment those liable to be arrested under the law should procure honest employment or leave the city at once.

### The Robbins Shows.

The Frank A. Robbins Co. all new great feature shows, which are due to pitch their acres of teeming tents here on Saturday, October 20, in their hustling hunt for novel and top-thrilling features, appear to have found a regular "screamer" in Alpha's and Omega's new rival aerial bicycle leaping act, which, after seemingly supernatural triumphs elsewhere, comes to cause our individual hairs to stand on end. The shows come full to the brim with rare and wonderful attractions and masterly acts. The menagerie is an unusually impressive and instructive exhibit of rare and representative wild beasts, the equestrian acrobatic, aerial, and animal acts and races given in two rings, upon an elevated stage, on the coliseum course and in the wide aerial space above them are of the latest and best, and a whole mad-cap circus of clowns furnishes unlimited and inimitable fun and timely travesty. The Tribunal of Nations, introducing with spectacular pomp and pageantry living counterparts in feature, form, arms and royal robes of the famous rulers of past and present times, is another superb innovation.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A colored woman, arrested by Officer Knight charged with permitting policy to be written in her house, was dismissed.

Fred. Jones, colored, arrested by Chief Goods and Officer Nicholson charged with promoting policy, was fined $50.

William Miller, colored, arrested by Officers Knight and Nicholson charged with the unlawful sale of cocaine, was fined $100 or given 90 days in jail. Six other men and one colored woman, arrested by Chief Goods and Officers Knight and Nicholson charged with the same offense, were dismissed.

### Will Probated.

The will of the late Susan C. Webster was admitted to probate today. The testatrix left $50 to Annie Webster and Mary Webster. The house and lot on the south side of Wilkes street, between Royal and Pitt, is left to her granddaughters, Mary Pearl Webster and Annie L. Webster, and the house and lot, No 210 south Lee street, to her son, Charles F. Webster. The rest of the property is divided equally between Charles F., Mary Pearl and Annie L. Webster. The estate is valued at $8,000, and Charles F. Webster qualified as executor.

### Opera House.

A crowded house last night witnessed the production of "The Penalty of Pride" at the Opera House. The drama was a story of the South well written, and the parts were well taken. The acting of Mr. J. P. Tucker and Miss Corinne Runkel was excellent and brought forth frequent applause. The company will close its engagement tonight, the attraction being "The Noble Outcast," a sensational melodrama. The prize furniture will be given away tonight.

### The Steamer Woodbury.

A general overhauling will be given the steamer Woodbury, of the ferry route, which was withdrawn from service after its last trip on Thursday last. It is said that the steamer will go to the drydock of Newport News where it will be painted. The crew of the steamer have been laid off in the meantime. The steamer Callahan is making hourly trips on the ferry line.

### Concrete Work.

City Engineer Dunn has awarded to Mr. R. A. Wallace the contract for grading and concreting Fairfax street, between King and Cameron. The square is to be paved with vitrified brick during the fall.

Mr. Wallace has also received the contract for concreting the walks and setting curb at the new union station.

### Auction Sales Monday.

Captain R. F. Knox, auctioneer, will offer for sale at 4 o'clock p. m. on Monday next at the Court House in Alexandria county, two tracts of land in Arlington district.

At 11 o'clock a. m. on Monday next, on the premises, Capt. Knox will offer for sale a house and lot in Del Ray.

### Fined Fifty Dollars.

Chief Goods and Officer Nicholson yesterday arrested Fred Jones, colored, on the charge of promoting policy. Many slips with numbers were found, together with a policy dream book. The accused was brought before Justice Caton in the Police Court this morning and fined $50.

### Taken to the Penitentiary.

A guard from the Richmond penitentiary arrived here today and took back with him John Ennis, Temple Howser and John Smith, recently sentenced to the penitentiary by the Corporation Court.

# UNDERWEAR.

**Skin Thoroughly Protected. Breathe Freely.**

Abrupt and unexpected changes in the weather are now in progress. A freezing night is apt to follow an Indian summer day. At such a season of the year it is virtually important that the body be given proper protection especially is this true in the matter of underwear. Heavy outside clothing is of practically no avail, if the clothing next to the skin, if the underwear is not of the proper kind. The rules of health demand at this season of the year that the skin in addition to being thoroughly protected, should be allowed to breath freely. Our underwear combines these two most important features, and we are showing many different styles in Union and Two-piece suits for the whole family. Remember, a word of advice in time is worth much useless advice when it is too late. Now is the time to buy

SATURDAY EVENING. OCT. 13, 1906.

### Too Much Exercise.

Unfortunately a good many men have the conviction that they must keep exerting themselves all the time. They call every moment wasted which is not spent in activity of some kind, either physical or mental. Such men are taking the quickest means to burn themselves out. You cannot live well and keep happy under a constant and tyrannical sense of effort. There must be times of play, times to let up the tension and to do easy and natural things which don't require conscience and exact attention. Horace Bushnell, the great Connecticut minister, recognized this when he said, "Let's go sin awhile." Sinning has the advantage of being easy, and there are times when the easy thing is the right thing. A man who takes no time off for one kind of play or another, but who keeps the anxious, conscientious look on his face day in and day out, may be on the road to heaven, but he will find that the sanitarium is a way station.—Dr. Luther H. Gulick in Good Housekeeping.

### A Few Corrections.

A few things picked up from a child's schoolbook: Never say, "I don't think it will rain." What you mean is, "I do think it will not rain." "All over the world" is bad; say "Over all the world." "The reason why" is not only incorrect, but doesn't sound as well as "The reason that." In the King James version of the Bible, quoted by some authorities as a standard of pure English, one may find the following, which occurs in Isaiah xxxvii. 36: "Then the angel of the Lord went forth and smote in the camp of the Assyrians a hundred and fourscore and five thousand, and when they arose early in the morning, behold they were all dead corpses." In other words, the corpses arose early in the morning and found themselves dead. Don't say "A man fell off the dock." A man might fall into a dock, but to say that he fell off a dock is no better than to say he fell off a hole.

### The Crested Rat.

The crested rat of East Africa is remarkable, first because of the great length of the black and white hairs down the ridge of the back, which are rendered the more conspicuous because the hairs along the sides of the body are so short and so differently colored, being brownish gray and looking for all the world as if some one had taken a pair of scissors and maliciously shorn off the decorative hair, leaving only a dull underfur. Secondly, it is remarkable because the skull has a roofing of bones exactly resembling that of some turtles, while, furthermore, this roof has a granulated appearance recalling that presented by the skulls of certain fishes. In its habits it appears to be arboreal while from the structure of its teeth it would appear to be at least partly insectivorous.

### A Curious Tomb.

The most curious tomb in England is that of Lady Anne Grimston, daughter of the Earl of Thanet, who died nearly two centuries ago and was buried in Tewin churchyard. Upon her deathbed she disregarded the efforts of those who sought to administer spiritual comfort. An atheist she had lived, an atheist she would die. "It is as likely that I should rise again from the dead," she said, "as that a tree should grow out of the middle of my coffin." A tree has grown out of the middle of her coffin—an oak—and by its side a sycamore. The vault is square, of brick and granite. The two trees first filled the interior before they could find a way out. When they did burst through the masonry they so spread as completely to envelop the grave.

### When Everything Is Poisonous.

All substances, even eggs, are poisonous when they are injected in certain quantities into the circulatory system of an animal. A French investigator has taken the powdered yolk of a duck's egg, treated it with a 20 per cent solution of salt and injected it into the veins of an animal until it died. In order to kill a rabbit fifty-five grains of the substance were required for each pound of the rabbit's weight. The yolk of a hen's egg is less poisonous, but that of a turtle more so than that of a duck. The albumen of eggs is also poisonous.

### Far Enough.

One day when William M. Evarts, secretary of state under President Hayes, was a college student he was called on to read Virgil in class.

He started out bravely, "Three times I strove to cast my arms around her neck, and—and"—adding lamely—"that's as far as I got, professor."

"Well, Mr. Evarts," said the professor, "I think that was quite far enough."

A cold is much more easily cured when the bowels are open. Kennedy's Laxative Honey and Tar opens the bowels and drives the cold out of the system in young or old. Sold by W. F. Creighton & Co., 401 King street.

### Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky., He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemmorhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by E. S. Leadbeater & Sons, Druggists 50c and $1.00. Trial bottle free.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflamation and goes straight to the root of the disease. Obstinate old cases have been cured in a few weeks. All druggists, 75c., including spraying tube, or mailed by Ely's Bros., 56 Warren street, New York.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

JEWELRY.

**Going Housekeeping?**

If so, you can hardly get along without spoons, knives and forks. The silver-plated are without a doubt the most economical in the end. They wear longer, look better and cost very little more than the ordinary kinds. We can even supply silver-plated knives with steel blades.

Your sideboard is hardly complete without a silver set. Silver cake and fruit baskets should also be placed there.

A candelabra with will brighten the table considerably. After the spread has been cleared off a silver fern dish should be placed on the table.

The necessary things in cut-glass are the decanter, the berry bowl and the celery dish. In a great many homes the ice cream is served on cut glass plates.

On your dresser place a traveling alarm clock and a sterling silver or silver-plated toilet set, also a hat and clothes brush.

You will find plenty use of a number of small silver-plated trays. One has always so many trinkets to take care of.

There should be a jewel case on the dresser, if only for appearance sake. Over night is a good place to keep the watch and Z—K Gold Chain.
